SURE CROP

II Cor. 9:10

Quality Liquid Crop Nutrition

Healthy Fields ~ Optimum Yields!

Sure Seed Energizer is a liquid seed treatment that promotes quicker germination and more vigorous early growth

Energizer

3-6-3-1Zn

Stimulates Healthy Seed Environment by Promoting Earlier Germination and Vigor

Weight Per Gallon : 10.00 lbs
Freezing Temperature: 18° F

General Recommendations

Sure Crop Seed Energizer as a supplementary source of plant nutrients to be added to a total fertility program. For best results, refer to soil or plant analysis to determine crop nutrient deficiencies or imbalances.

Directions For Use

Agitate vigorously before application. Apply evenly to seed prior to planting.

Winter Wheat & Spring Wheat	4 - 6 oz. per 60 lbs. of seed.
Soybeans, Alfalfa, Oats, Barley, & Rye	4 - 6 oz. per 50 lbs. of seed.
Corn	4 - 6 oz. per 80,000 kernels

Sure Crop Seed Energizer can be applied with starter fertilizer; application rate: 10 - 16 oz. p/Acre.

Sure Crop Seed Energizer is compatible with most other fertilizers. If in doubt, a jar test is recommended before tank mixing to test product compatibility.

Agitate before adding to tank solution. Consult product label for further blending, storage, and application instructions.
