

Healthy Fields ~ Optimum Yields!

Sure Crop Humate is a concentrated humic acid formulation with high cation-exchange capacity to improve soil tilth, aeration and moisture retention

Humate

-  Stabilizes and assists in the degradation of toxic substances
-  Creates a desirable soil structure that facilitates water infiltration and helps hold water within the root zone
-  Stabilized and in activates harmful soil enzymes
-  Helps to reduce concentrations of sodium salts in soil
-  Stabilizes soil temperatures and slows the rate of water evaporation
-  Enhances root initiation and increases root growth
-  Improves germination
-  Improves plant foliage, roots and growth when applied foliarly
-  Helps produce thicker, greener and healthier crops
-  Increases permeability of plant membranes, promoting nutrient uptake

Humate

Derived from Highly Oxidized, Naturally Occurring Humalite Deposits

Weight70 lbs
Freezing Temperature: 32° F

GENERAL RECOMMENDATION

SURE CROP HUMATE is a concentrated humate acid liquid and is recommended for use with fertilizers and micronutrients.

SURE CROP HUMATE can be applied to most row crops, small grains, legumes deciduous, fruit and nut trees, fruits, vegetables, grasses and most other crops.

PRE-PLANT SIDE DRESS Apply 1-8 qt p/Acre of **SURE CROP HUMATE** with sufficient water or fertilizer solution in broadcast dribble, or band application. Incorporate 2 to 4 inches for best results.

PLANTING Apply 8-32 oz. p/Acre **SURE CROP HUMATE** with sufficient water or starter fertilizer for row or band application.

FOLIAR Apply 1-4 qt p/Acre of **SURE CROP HUMATE** with sufficient water or fertilizer solution for adequate and even coverage. Repeat application as needed. Use equipment to give uniform coverage with 30 to 90 PSI for best results.

IRRIGATION Apply 1-8 qt p/Acre of **SURE CROP HUMATE** with sufficient water or fertilizer solution through gravity, sprinkle or drip irrigation system. Repeat application as needed.

Agitate before adding to tank solution. Consult product label for further blending, storage, and application instructions.
